Optimizations

OVERVIEW

This presentation highlights key optimization opportunities to improve brand clarity, profile structure, and overall social media performance

OPTIMIZATION OBJECTIVE

Improve the clarity and positioning of the academy's brand across social media platforms

Communicate the academy's value proposition more effectively to users

Create a stronger and more professional first impression for new visitors

Enhance user experience and ease of navigation within the profile

Support increased engagement and improve conversion from profile visits

OPTIMIZATIONS

Instagram

TikTok

Facebook

Bio

From Tech to Creative & More

WHY

Short, catchy, and easy to remember

Highlights the academy's diverse courses

Platform-neutral (works on Instagram, TikTok, Facebook)

Leaves room for a clear CTA or link

Instagram

Colors & Grid

,The color palette consists of white, black
.light purple, and yellow

We will use the same colors for the
highlight covers, maintaining the grid style
.with a gradient and background

OPTIMIZATIONS

Editing / Montage

We will ensure correct spelling and grammar in all text

We will maintain a consistent brand identity in fonts and colors across animations and graphics

Zoom-in and zoom-out effects will be used selectively, smoothly and naturally, not consecutively in a rushed manner

Animations, graphics, and zoom effects will occur at most every 5 seconds

The microphone used in most videos produces a muffled sound

We can use the microphone from this video as it provides a clearer audio quality

OPTIMIZATIONS

TikTok

Prepare content guidelines and categorize them according to video types
If posting a carousel on TikTok, ensure the design is implemented in TikTok dimensions, not Instagram
Add a WhatsApp link or any contact link in the profile

OPTIMIZATIONS

THANK YOU
